PROGRAMMING DURING CONSTRUCTION

As we now are in the first phase of our construction, programs are being held in spaces around East Meadow. We will be continually updating this Newsletter with important news. Please call us if you need program information at 794-2570 x 560.

Each program description in the Newsletter will have the location listed below the program title. On PG. 43-44 of this Newsletter, you will find names, addresses, and simple directions to each location.

We know that sometimes change is difficult. This might be particularly true when the change is temporary. However, we look at this as broadening our scope in East Meadow, meeting new people, discovering new places, and gaining new resources.

As we embark on this journey together, we understand that it might take a while to get used to the different locations. The staff of EMPL is no exception. We are working to make everything go as smoothly as possible. Please be patient if there are some glitches along the way. We are all learning a new way of life for a relatively short period of time. Remember, our ultimate goal is to create a new, efficient, and exciting environment for you at your Library.

We have color-coded the different locations in the calendar: Cradle of Aviation, E.M. Jewish Center, E.M. United Methodist Church, Hempstead Plains Learning Center, EM Benevolent Hall, Hofstra University, Town of Hempstead Facilities, and Nassau Library System, etc.
